Tableeqr
RESTAURANT & HOTEL PLATFORM

THE TABLEEQR EXPERIENCE

Every guest.
Every order.
One connected flow.

Keep your floor, kitchen, delivery and room service working together.

01 / RESTAURANT OPERATIONS

Run the restaurant.

QR orders, POS billing, kitchen tickets, table service, reservations and direct delivery.

02 / HOTEL OPERATIONS

Serve every room.

Room QR, food ordering, guest requests, reception, check-in and check-out.

One service experience for guests.
One place to manage it for your team.

RESTAURANT OPERATIONS

Run Your Restaurant Smoothly

Keep the floor, kitchen and billing team in sync throughout every shift.

Run the floor

- POS Billing
- QR Ordering
- Waiter App
- Live Floor

Keep service moving

- Kitchen Display
- Service Requests
- Menu Controls
- Bills & Kitchen Slips

FROM ORDER TO SERVICE

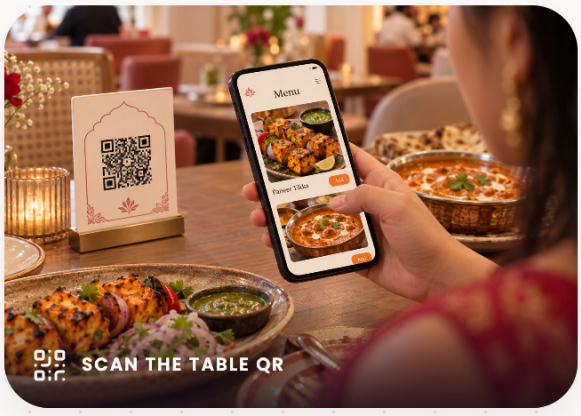

Clear steps. Connected teams.

Guest orders → Kitchen prepares → Staff serves

GUEST EXPERIENCE

Make Every Table Easy to Serve

Let guests browse, order and request service from their own phone.

01

Scan & explore

Open the menu with a quick scan. Discover dishes in English or Hindi.

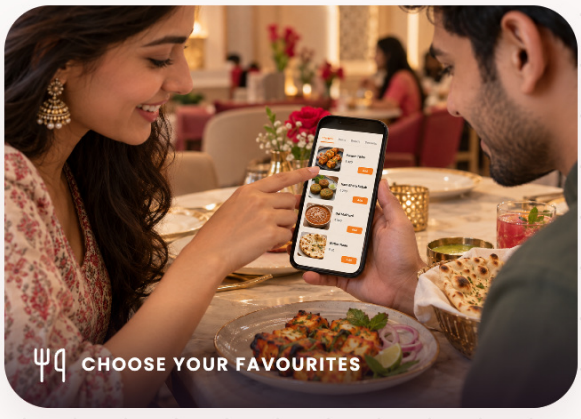

No app to install

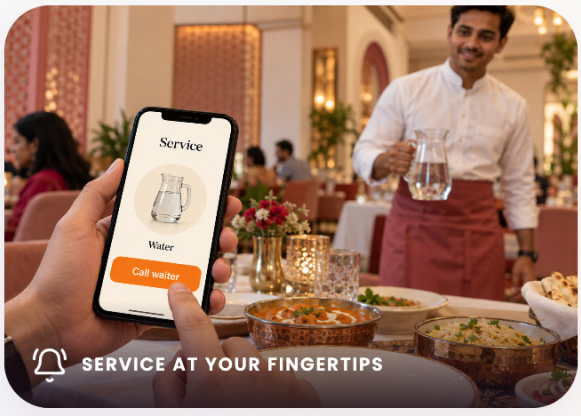

02

Order together

Everyone picks their dishes. Send orders straight from your table.

One table. Shared experience.

03

Ask for service

Need water or assistance? Send a request to your restaurant team.

A request away

GROUP BILLING

One table. Your way to pay.

My items

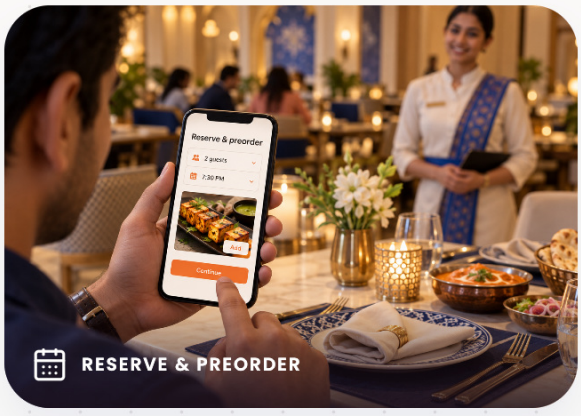

Equal split

Custom split

RESERVATIONS, PARTIES & DELIVERY

Tables. Parties. Doorstep Delivery.

Table reservations, food preorders, party enquiries and direct delivery in one platform.

01

Reserve a table. Choose the food.

Pick your time, guests and seating. Add favourite dishes before arriving.

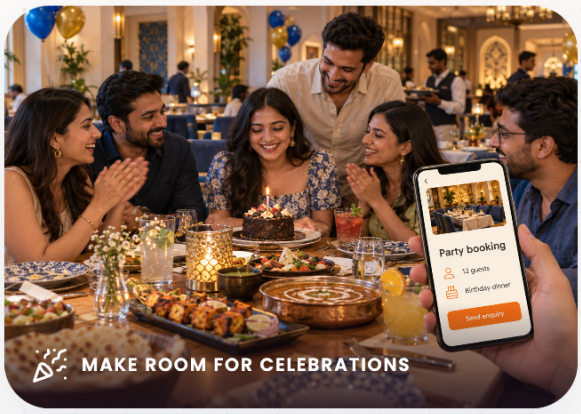

Bookings · Waitlist · Preorders

02

Party & group bookings

Capture the occasion, group size and preferred date. Coordinate details with the guest.

Party enquiries, organised.

03

Deliver directly.

Take direct orders, set delivery areas and charges, and assign riders.

Keep customers updated.

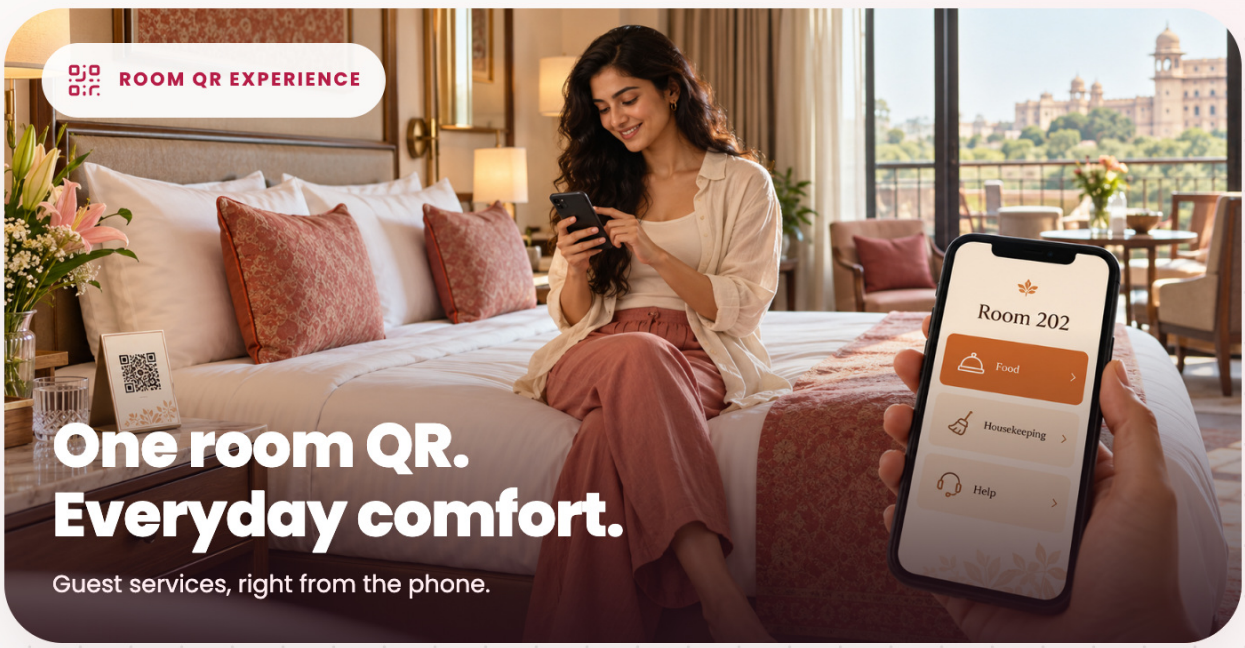

Your delivery. Your control.

Service areas · Delivery charges · Rider assignment · Order updates

HOTEL & ROOM SERVICE

A Better Stay. A More Connected Hotel.

Room QR, dining and guest services connected with reception.

Service that feels personal.

Give every guest a direct way to ask.

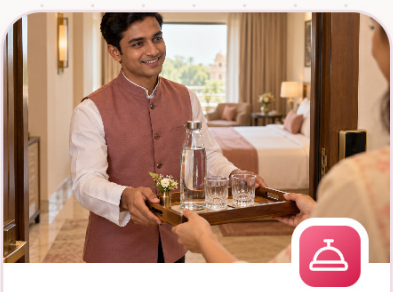

Food ordering

Browse the menu and order to the room.

Housekeeping

Request cleaning, towels and essentials.

Guest requests

Ask for water, maintenance or assistance.

Reception stays in control.

Check-in → Room service bills → Check-out

For hotels with or without a restaurant.
